

Nylon Fish Tape

Description

Manufactured in Nylon Polyamide, they ensure excellent resistance and durability. Their lightness and flexibility make this Arvi product the ideal choice for quick and effortless sliding, even in the most demanding environments. This model is equipped with interchangeable tips, including a flexible spring and an M4 eyelet, ensuring efficiency and practicality.

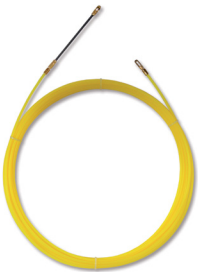

Product Specifications

PROPERTY	STANDARD VALUE
Material	Polyamide - Nylon
Color	Yellow Fluo
RAL	1026
Durabilty	Low
Ø Diameter (mm)	4
Ø Tube (mm)	16-25
Break Load (kg)	470
Pulling Resistance (kg)	110
Turning Radius (mm)	100

Compatible Terminations

CODE	DESCRIPTION	REFERENCE	DIAMETER (Ø)	INFORMATION
7081104106	Eyelet M4 Ø6 mm	OM4-6	4	For more details about these products, please refer to the corresponding technical datasheet.
7081104306	Flexible Spring M4 Ø6 mm	MFM4-6		
7081104307	Swivel Flexible Spring M4 Ø7 mm	MFGM4-7
