

Fiberglass Fish Tape with Car

Description

Fiberglass Fish Tape are designed for installations in conduits with difficult access. Their lightweight, flexibility, and corrosion resistance ensure high durability and performance in demanding environments. The reel facilitates the unwinding of the Fish Tape, providing greater efficiency. This model is equipped with interchangeable tips, including an M6 eyelet hook, ensuring practicality and efficiency.

Product Specifications

PROPERTY		STANDARD VALUE			
Fish Tape Material	Interior	Fiberglass			
	Exterior	Polypropylene			
Car Material		Steel			
Color		Red			
RAL		3003			
Durability		Very Good			
Ø Car Diameter (mm)	520	720	1000	1400	
Ø Fish Tape Diameter (mm)	6	9	11	15	
Ø Tube (mm)	30-80	60-120	80-160	180-400	
Break Load (kg)	2000	4300	6200	14000	
Pulling Resistance (kg)	290	460	580	690	
Turning Radius (mm)	400	620	770	1200
